- The Science Behind Our Composite
- No Wood Fillers
- Superior Color Retention
- Resistant to Decay, Mold, and Mildew
- High Slip Resistance
- Easy to Install
- Minimal Maintenance
- Limited Lifetime Warranty

Residential | Commercial

Dock & Marine

Are you looking for an easy and inexpensive dry space under your deck?

DuxxBak Dekk provides additional outdoor living space or ideal storage space because it is engineered to shed water from the deck surface while keeping the underdeck space dry without the need for a complicated, expensive secondary drainage system. DuxxBak Dekk is the only non-vinyl, composite, "water-shedding" deck available.

Additionally it is DIY simple! DuxxBak Dekk patented formulation is, in part, what makes it a step above the competition. With a combination of Biodac[®], rice hulls, and high-density Polyethylene resins, DuxxBak.

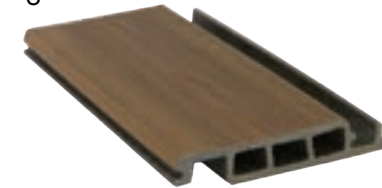

KEY POINTS

Hidden fasteners eliminate the need for visible face screws.

Water drains off deck with a 1/8" slope in framing

Strong, durable decking allows 24" on center joists.

DuxxBak[®] Dekk decking is available in 12', 16', 20', and 24' lengths.

No need for a secondary water-catch system.

Matching profiles/colors for steps available.

Available in 11 colors and Armor Cap embossed wood grain finish or Traction finish.

ArmorCap colors incorporates a beautiful dual-embossed, variegated wood grain finish.

Environmentally Friendly Hybrid Engineered Deck System
